Effingham Street Road Repairs Scheduled for May 1st – May 13th

The City of Portsmouth announces that road repair work is scheduled for Effingham Street in the southbound lanes outside of the gates of the Naval Medical Center Portsmouth (NMCP) from May 1st through May 13th. The repair work will require alternating closures of each of the two southbound lanes during the two weeks.

Northbound traffic into NMCP will be affected during the mornings, since NMCP uses one of the southbound lanes for northbound morning traffic. During the repair work, this additional lane will not be used.

Commuters should be prepared for potential traffic delays along Effingham Street in the vicinity of the NMCP and beyond, during the repair work time frame.

For more information, call the Department of Public Works at 393-8666.
