Department of Social Services to Host Adult Foster Care Session

The Portsmouth Department of Social Services (DSS) is seeking Adult Foster Care providers and will host an information session for interested individuals on Wednesday, June 29th, at the Department of Social Services building, located at 1701 High Street, in the 4th Floor Community Room from 3:30 p.m. until 4:30 p.m.

The Adult Foster Care program consists of community-based contractual arrangements between the Department of Social Services and approved providers for the care of adults with physical or mental health conditions. Within the homes of the Adult Foster Care providers, room, board, supervision, personal care, and other special services are provided to the adult(s) in the provider's care.

Adult Foster Care is established in order to enable eligible adults to maintain their independence to the greatest extent possible. For more information on Adult Foster Care, call Tonya Gardner at 405-1800 ext. 8114 or attend the information session on June 29th.
