### **City of Portsmouth Collecting Trash on Friday, December 31<sup>st</sup>**

Portsmouth, VA - The City of Portsmouth's Waste Management Division will be collecting trash on Friday, December 31<sup>st</sup>, as announced this week. (An error in today's The Virginian-Pilot newspaper states that there will be no trash collections on Friday.)

In addition to normal Friday routes being collected today, trash routes that have not been collected from earlier in the week, due to icy road conditions, will continue to be collected on Friday. Residents should place/leave all trashcans and overflow trash at the curb for collection. The Waste Management Division will collect these items as soon as possible.
