## **South Norfolk Jordan Bridge Offers On-Going Public Tours**

**Chesapeake, VA** – The South Norfolk Jordan Bridge (SNJB) is offering free public tours the first and third Saturday of each month at 9:00 a.m. at the Elizabeth River Boat Landing and Park (located at 103 Poindexter Street just off interstate 464 in Chesapeake, VA). The next tour is Saturday, January 21<sup>st</sup>. The tour entitled “Walk In The Park: Behind The Scenes Construction Views of the South Norfolk Jordan Bridge” offers a behind the scenes look at the on-going construction at the new bridge. The bridge talk and views of construction are free and open to the public. Guests will learn firsthand from construction team leaders the construction techniques, history and future plans involved in this groundbreaking bridge that links Chesapeake and Portsmouth. For more information call 757-545-3444 or log on to [www.SouthNorfolkJordanBridge.com](http://www.SouthNorfolkJordanBridge.com). To receive official updates and exclusive information about the South Norfolk Jordan Bridge log on to [www.SouthNorfolkJordanBridge.com](http://www.SouthNorfolkJordanBridge.com).

### **2012 Saturday Tour Dates- (9:00am)**

January 21<sup>st</sup>  
February 4<sup>th</sup>/18<sup>th</sup>  
March 3<sup>rd</sup>/17<sup>th</sup>

The new 5,375’ long South Norfolk Jordan Bridge will be a two-lane, fixed span, high-rise toll bridge over the Southern Branch of the Elizabeth River. On the west side of the river, the bridge will tie into existing Elm Avenue and provide a roadway tie-in to Burton’s Point Road. On the east side, it will tie into the existing Poindexter Street just west of I-464 and provide connection roads to Truxton Street and I-464. The new bridge will feature two 12’ wide traffic lanes, two 8’ wide shoulders, and an 8’ wide pedestrian sidewalk separated by a concrete barrier and meeting the Americans with Disabilities Act (ADA) requirements. A fully electronic tolling system will use E-Z Pass to maximize convenience for users. The bridge is scheduled to open to traffic in the spring of 2012.
