* **Exact design** is defined as a replication of design that includes but is not limited to the following qualities: massing, spacing, depth, dimension, scale, size, proportion, and all character-defining details.

A change in any one of these qualities makes the project subject to design review before work begins. If work is completed and does not replicate the exact design, you may be subject to penalties for not obtaining a Certificate of Appropriateness.

If you are in any doubt, and in order avoid penalties, please consult the Planning Department.
